

14th April 2016

Dear Parent/Carer

As you are aware, we have moved from the SIMS Learning Gateway (SLG) to MILK Student Planner. Over the past few weeks we have been issuing the pupils with their logins. We are now writing to you as the second stage of the introduction to issue you with your parent's login details.

As with SLG, you will be provided with one login which will allow you to see all of the children you currently have at Granville Sports College. Once you have successfully logged into Milk, you can easily navigate yourself around and view all assessment, attendance, behaviour, homework and messages that relate to your child(ren).

As it currently stands, parent logins can only be used through a web browser and not the app like the pupil logins. Milk is expecting to release a parent app in September 2016. We will keep you updated on the progress of this.

In order to get you set up and using the system, please complete the attached Milk Usage Policy and return it to school for the attention of Mrs Parry. A separate policy must be signed by each parent who has parental responsibility and wishes to have access. Once your signed policy has been received, your login details will then be emailed to you unless you inform us otherwise.

A useful parents FAQs has been provided by Milk. A copy of this is attached for you.

Please be aware, although we have introduced a pupil app, our school rules on mobile phones has not changed, we do not allow their use during school time.

Should you have any further questions, please contact me.

Yours faithfully

Mr D Jackson
Deputy Headteacher
